

Federal Railroad Administration

Notice Regarding Monetary Threshold for Reporting Rail Equipment Accidents/Incidents for Calendar Year 2019

FRA's accident/incident reporting regulations require railroads to report to the agency all rail equipment accidents/incidents above the monetary reporting threshold (reporting threshold) for that calendar year (CY). There is no change to the CY 2018 reporting threshold (\$10,700) for CY 2019, while FRA reviews minor changes to the way it calculates the reporting threshold.

If you have any questions regarding this notice, please contact Kebo Chen, Staff Director – Office of Safety Analysis, at 202-493-6079 or Senya Waas, Trial Attorney – Office of Chief Counsel, at 202-493-0665.
